

ABOUT IFED The International Federation of Esthetic Dentistry (IFED) was founded in 1994 by the American Academy of Esthetic Dentistry, the European Academy of Esthetic Dentistry and the Japanese Academy of Esthetic Dentistry.

THIS MONTH'S:

David Winkler DDS
President, IFED

Welcome to IFED

Since the European, American and Japanese Academies of Esthetic Dentistry founded IFED, we have subsequently successfully assisted our members in hosting meetings in Kyoto Japan, Washington DC USA, Venice Italy, Seoul Korea, Las Vegas USA, and Rio de Janeiro Brazil. IFED returns to the centre of Europe for our 8th meeting which is being hosted by one of the largest European members of the Federation, the Deutsche Gesellschaft für Ästhetische Zahnheilkunde e.V., DGAZ. The programme will explore in depth the topics which are currently "in vogue" in our profession and the central theme is "Practice Meets Science". We are pleased to welcome you to our monthly Newsletter. This Newsletter will keep you up to date and provide you with current information about the speakers, hotels, the city of Munich and all the places of interest right up until the IFED Congress starts in September 2013.

Speaker

Dr. Raffaele Spena has been Adjunct Clinical Professor at the Orthodontic Department of the Dental School of the University of Pennsylvania since 1988 where he has given courses about nonextraction therapy and cephalometric analysis. He is an active member of the Angle Society of Europe. Currently, he is a Clinical Professor at the University of Ferrara.

Accommodation

Modern and comfortable – that's how **Courtyard** by Marriott Hotel in the eastern part of Munich in the lively district near Ostbahnhof Haidhausen welcomes its guests. The hotel is 30 minutes away from the Franz-Josef Strauss Airport and it only takes ten minutes by subway or car to the city center of Munich. **Gasteig** (see below) is only 5 minutes away.

Special sightseeing tip

Extra tip – **The Munich English Garden** is a huge park which stretches alongside the river Isar from almost the very center to the northernmost rim of the city. The park has shaded paths, brooks, ponds and swans and is best known for its four beer gardens. Access: The best way to reach it is bus nr. 54 from "Muenchner Freiheit" underground station (exit at stop "Chinesischer Turm")

GASTEIG

Munich's main cultural center offers a program for diverse interests. Towering imposingly above the Isar, its red brick facade casts an almost intimidating glare over the city below. Although Gasteig may not be the prettiest piece in town, whatever it lacks aesthetically is made up for by its role as Munich's cultural pulse – pumping artistry throughout the veins of the city. But it's not just with its looks – the warm, expressive spirit within its walls and the fortress-like exterior – that Gasteig aims to be universally appealing. Covering an area of 23,000 sqm it is home to some of Munich's most precious gems – Munich Philharmonic, the city library (Stadtbibliothek) and the Adult Education Center (Volkshochschule)...
