

ABOUT IFED The International Federation of Esthetic Dentistry (IFED) was founded in 1994 by the American Academy of Esthetic Dentistry, the European Academy of Esthetic Dentistry and the Japanese Academy of Esthetic Dentistry.

THIS MONTH'S:

WORKSHOP

As a Swiss company, Thommen Medical focuses exclusively on research, development and production as well as distribution of high quality products for implant-based dental restorations. Our intensive co-operation with leading clinicians and renowned universities throughout the world enables us to offer a modern, reliable, and safe implant system. The Thommen implant system meets our customers' needs in every respect - it is very easy to use, extremely precise, affords excellent aesthetic restorations and guarantees superb clinical results. Our products meet the most stringent quality requirements and are manufactured in our own production facility in Grenchen (Switzerland).

Visit our pre-congress workshop on September 18, 2013. Prof. Dr. Markus Hürzeler and Dr. Otto Zuhr will perform live surgeries and engage you in interactive discussions on: **Implant therapy in the course of time – genius discoveries, brilliant ideas and pioneering innovations – what has remained today?**

A unique opportunity to see world-leading experts live, hear their opinion on current trends and bring up questions you always wanted to ask. Thommen offers you a platform to reflect on treatment options and discuss cutting-edge technologies.

Accommodation

Special sightseeing tip

Prof. Dr. Markus B. Hürzeler

has produced more than 100 scientific publications within the field of implants, periodontology and tissue regeneration and is a regular national and international lecturer. He maintains a private practice focused on periodontics and implant dentistry in Munich, Germany.

Dr. Otto Zuhr

has written several articles in the field of periodontology and aesthetic dentistry and is lecturing nationally and internationally. Since 2007 he is board member of the German Society of Periodontology (DGP). His book "Plastic Esthetic Periodontal and Implant Surgery" was published by Quintessence in 2011.

about the hotel

The modern 4-star Novotel München City is located in the heart of the Bavarian state capital, just minutes from the Deutsches Museum, the Gasteig cultural centre and Marienplatz. The hotel is close to Rosenheimer Platz station so can be easily reached by public transport and is therefore an ideal destination for those travelling by rail or air. When it is time to relax, why not visit the free spa area with its pool, sauna, steam bath and fitness centre.

Hall of Fame & Bavaria

U-shaped open hall modeled on Graeco-Roman precedents; a memorial to distinguished figures of Bavarian history; situated above the Theresienwiese (site of the Oktoberfest). The bronze statue in front of the hall represents the State of Bavaria; a good view of the city skyline with its many towers can be had from the top.

BMW Welt world of experience is located in the immediate vicinity of the Olympic Park in Munich.

This popular Munich attraction is always worth a visit.

All year round a varied programme of entertainment is offered for the entire family at the BMW Welt, highlighted by its distinctive architecture with completely re-designed event areas and all brands of the BMW Group – BMW, MINI and Rolls-Royce Motor Cars as well as BMW motorcycles, Husqvarna Motorcycles and the sub-brands BMW M and BMW i. Each brand greets its visitors in its own brand event area which clearly expresses the essence of the individual brands. Interactive exhibits open up shared points of interest and give every visitor the opportunity to actively experience the brands.
